Campus-based Fees

Campus-based fees support a variety of campus-specific, student-related expenditures and programs such as student government, and construction, renovation, and maintenance of student activities and recreational facilities, which are not funded by mandatory university wide fees. Campus-based fees are initiated or modified by student referendum with final approval by the President. At least, 25% of the total new fee or fee increase is return to aid for undergraduate and graduate student financial support in the amount generated by the respective group of students.

Associated Students (A.S.) Campus Activity Fee
The A.S. Campus Activity Fee is a campus-based mandatory charge assessed to undergraduate students for use of the A.S. government for student clubs and organizations, student-owned and operated businesses, student programming and activities and support of the general operations of the undergraduate student government. The A.S. Campus Activity Fee can be changed only by student referendum.

College Fee
The College Fee is a campus-based mandatory charge assessed to undergraduate students at the respective college for use of the college student government for student programming and activities and support of the general operations of the college government. The College Fee varies by college and can be changed only by college student referendum.

Intercollegiate Athletics (ICA) Student Activity Fee
The ICA Student Activity Fee is a campus-based mandatory charge assessed to undergraduate students for support of athletic teams, travel, NCAA Division II membership fee, grants in aid requirement, salaries for coaches; recreation sports programs, etc. The ICA Student Activity Fee can be changed only by student referendum.

Recreation (RIMAC) Facility Fee
The RIMAC Facility Fee is a campus-based mandatory charged assessed to undergraduate and graduate students for the Recreation, Intramural, Athletic and Event Facilities. The fee covers construction, renovation, and expansion, debt service of capital loans, utilities, equipment replacement, repair and operation and maintenance of the recreation facilities. The RIMAC Facility Fee can be changed only by student referendum.

University Center Fee
The University Center is a campus-based mandatory charged assessed to undergraduate and graduate students for construction, renovation, expansion, debt service of capital loans, utilities, furniture, repair and operation and maintenance of the old student center and price center. The University Center Fee can be changed only by student referendum.

Graduate Student Association (GSA) Fee
The GSA Fee is a campus-based mandatory charge assessed to graduate students for use of the GSA government for student-owned and operated businesses, student programming and activities and support of the general operations of the graduate student government. The GSA Fee can be changed only by student referendum.
The Rady School of Management Activity Fee
The Rady Activity Fee is a campus-based mandatory charge assessed to graduate students in the full-time State-supported MBA Program for use of the Rady Student Board for student-related services and programs that provide academic and social support of Rady students.

Student Health Insurance Plan (SHIP)
The SHIP is a campus-based mandatory medical insurance fee/premium is a condition of registration for both undergraduate and graduate registered students at the University of California. Students who can prove comparable or better coverage from another source may apply to be exempted from the mandatory plan and have the premium waived. The insurance supplements the outpatient care available to all registered students through the Student Health Center. The SHIP requirement is mandated by The Regents and the premium amount varies by campus. Income is passed on to the insurance company and a small portion is allocated to the Student Health Center.
