eGrades – Electronic Grade Reporting System

Online Tutorial
Outline of Tutorial

A. Introduction – 4 slides (page 3)
B. eGrades Timeline – 5 slides (page 8)
C. Accessing eGrades – 5 slides (page 14)
D. Authorized Graders – 22 slides (page 20)
E. Submitting Grades – 42 slides (page 43)
F. Grade changes – 19 slides (page 86)
G. Importing Grades – 29 slides (page 106)
H. Special features – 11 slides (page 136)
I. Helpful resources – 4 slides (page 148)
Introduction

- The eGrades project
- User roles
Welcome to the eGrades online course.

This course is intended as a resource for UCSD Faculty and authorized graders who are authorized to view, enter and submit grades.

eGrades is a web-based application available in Blink that allows instructors to submit or change final grades for the students in their courses.

Once submitted in eGrades, grades are recorded in the student information system (ISIS).
Some Definitions

- IR: Instructor of Record
- AG: Authorized Grader
- DC: Department Chair (or designee)
- DSA: Department Security Administrator
- ISIS: Integrated Student Information System
- TED: UC San Diego Learning Management System
- SSO: Single Sign-On (standard access to business systems)
eGrades uses Roles

- eGrades is accessed through UC San Diego’s Single Sign-On (SSO) system.

- Users will have 1 or more of 3 roles:
  - **Instructor of Record (IR)**
    - Based on assignment in class schedule.
    - Can enter and submit grades and grade changes for their courses.
  - **Authorized Grader (AG)**
    - Designated by instructor.
    - Can enter grades but cannot submit grades or file grade changes.
  - **Department Chair (DC)**
    - Designated by DSA.
    - Can enter and submit grades if the instructor of record is unable to do so.
This presentation will:

- Teach you how to:
  - Access the eGrades application.
  - Add an Authorized Grader to a course.
  - Submit grades or grade changes for the current term.
  - File grade changes for previous terms.

- Provide information about:
  - The eGrades Calendar.
  - FAQs.
  - Helpful resources.
  - eGrades contact information.
The eGrades timeline

- The end of term timeline
- The grade change timeline
- On going eGrades dates
End of Term Timeline

- Grade entry for the current term opens at 8:00am on the first day of finals and closes at 11:59pm on the Tuesday after the last final is given.

- After the deadline for the current term, there is a “blackout day” required for other end-of-term processing. On this day no grades can be entered or changed for any term.

- Sections not submitted by the closing deadline will be recorded with all blank grades, which will lapse to a failing grade after one quarter.
End of Term Timeline

- Once grades for a section have been submitted, eGrades will permit grade changes for that section for up to one year.

- Grade submission only occurs during the open grading cycle dates for each term.

- After the grading cycle closes, grades can only be entered as “grade changes”. A file upload is not available after the initial submission.

- Notifications and reminders will be sent to instructors during the grading cycle.
End of Term Timeline

- Summer Session timelines will be based on the same relative time frames as other quarters. The same grade change principles will apply.

- The time frames for School of Medicine and School of Pharmaceutical Sciences will be adjusted to accommodate end of term requirements. The same grade change principles will apply.
Grade Change Timeline

- Grade changes for previous terms may be filed on any day that is not a “blackout day.”
- Grade entry and grade changes submitted by 11:59pm are processed overnight.
- Grades and grade changes will be visible to students on TritonLink the next day.
- Except during grade submission dates, grade changes will result in an email notification to the student, the instructor of record, and the department chair.
Current eGrades Dates

- Current eGrades dates are always available on the eGrades blink page:
  [http://blink.ucsd.edu/instructors/academic-info/grades/egrades.html#2.-Timelines-and-deadlines](http://blink.ucsd.edu/instructors/academic-info/grades/egrades.html#2.-Timelines-and-deadlines)

- Click on the image of the calendar to access it as a PDF.
- This PDF is updated as new dates become available.
Accessing eGrades

- Before you begin
- Finding eGrades
- Logging in
All users will sign in using UC San Diego’s business systems via Single Sign-On (SSO).

Faculty who are listed as Instructors of Record (IR) in the Schedule of Classes have no additional requirements to access eGrades with their SSO.

If you are unsure if you have an SSO, you can self register via this link. You will need to provide your UCSD email address, employee ID number (found on your paystub or UCSD ID card), the last 3 digits of your SSN and your birthdate. [http://blink.ucsd.edu/technology/security/SSO/register.html#2.-Validate-your-identification](http://blink.ucsd.edu/technology/security/SSO/register.html#2.-Validate-your-identification)

eGrades provides instructors with ability to designate active UCSD employees or students as Authorized Graders (AG). However it is critical to ensure that those people who will be AGs have DSA approved access to “business systems”. Contact your department’s DSA person for more information.

You can look up your DSA using your UCSD email here: [https://altng.ucsd.edu/extras/dsaSearch.jsp](https://altng.ucsd.edu/extras/dsaSearch.jsp)
The following information is for Department Security Administrators (DSA):

- eGrades will require a Business Systems login for Instructors and graders. For UCSD employees, the Self-Reg process ([http://blink.ucsd.edu/technology/security/SSO/register.html](http://blink.ucsd.edu/technology/security/SSO/register.html)) should be followed by the instructors and graders.

- For non-UCSD employees, including undergraduate and graduate students that are not active employees in PPS, the processes for non-UCSD personnel (Affiliates) needs to be followed in order to generate a department account ([https://altng.ucsd.edu/extras/affiliates.html](https://altng.ucsd.edu/extras/affiliates.html)).

- The Affiliates process includes the use of MyAffiliates ([https://myaffiliates.ucsd.edu](https://myaffiliates.ucsd.edu)) to create a sponsorship and basic affiliate account and the submission of the Data Steward Authorization form ([https://altng.ucsd.edu/extras/DSA_Appt.pdf](https://altng.ucsd.edu/extras/DSA_Appt.pdf)), sent to ACT, to promote a basic affiliate account to a department Account. [DSAs may need to grant themselves access to MyAffiliates by using the ALTNG MyAffs tab.]

- DSAs should work closely with their Student Affairs group to ensure that accounts are in place in advance of the need to access systems or designate graders.
Before you begin

- eGrades is compatible with Internet Explorer, Mozilla Firefox, Google Chrome, Safari.

- To access eGrades:
  - Go to [http://blink.ucsd.edu](http://blink.ucsd.edu)
  - In the toolbox, click on ‘Instruction Tools’ and eGrades
  - Or go directly to eGrades: [http://egrades.ucsd.edu](http://egrades.ucsd.edu)
  - Sign in using your Single Sign-On user name and password
Authorized Graders

- What is an Authorized Grader?
- Who can be an Authorized Grader?
- Adding an Authorized Grader
- Removing an Authorized Grader
Authorized Graders (AG)

What is an Authorized Grader?

- AGs are allowed to enter or import grades during the initial grading cycle, just like Instructors of Record; however, they are not allowed to submit grades.

- Once an AG has finished entering grades, the section must be reviewed and submitted by the Instructor of Record (IR).

- Once the grades for all of the AG’s sections have been submitted by the IR, that AG will no longer be able to access eGrades.
Authorized Graders (AG)

- Once the deadline for submitting grades has passed, AGs will no longer be able to enter grades.

- AGs should refer to the Grade Entry section of the tutorial for instructions on entering grades.
Who can be an Authorized Grader?

- Any current UCSD faculty, staff or student can be designated as the AG for a section, as long as they have DSA approved access to UCSD’s business systems.

- Many faculty and staff already have this access with their SSO; however, many students do not.

- If you are planning to designate a student as an AG, it is best to notify your departmental DSA early if your AG needs access.

- AGs are limited to entering grades during the initial grading cycle. They may not enter grades past the deadline nor are they ever allowed to file grade changes.
Use this link to add or remove an Authorized Grader.

- Spring 2013
- Winter 2013
- Fall 2012
- Summer 3 2012
- Summer 2 2012
- Summer 1 2012
Adding an Authorized Grader (AG)

Begin by selecting the section from this drop down box.
Adding an Authorized Grader (AG)

Next, click here, to add an Authorized Grader.
Adding an Authorized Grader (AG)

Use this screen to look up the person you wish to designate.

You can search using one or more of the fields here. All or part of the last name is required if you enter a first name. Note, email is @ucsd.edu
Once you have some information entered here,

click here to search.
Adding an Authorized Grader (AG)

Search For Authorized Grader

These are your results.

- Last Name: Glover
- First Name: Ch
- Email: cglover@ucsd.edu

Department Name: VCSA ADMISSIONS & ENROLLMENT

Add Selected Grader(s)
Adding an Authorized Grader (AG)

If the person you are looking for does not appear, double check your search information.

If they still do not appear, they probably do not have DSA approved access to eGrades. Contact your DSA for providing access to your AG.
If you have too many results, you can control the number of results displayed with the drop down box here.
You can also use the filter box. Just start typing, the results will automatically respond.
Searching with more information will also reduce the number of results.
Once you have found the person you want to designate, click the box by their name.
Adding an Authorized Grader (AG)

INSTRUCTION TOOLS

Search For Authorized Grader

Please, DO NOT USE the browser back button to navigate within the eGrades application.

Search For Authorized Grader

Return to Designate Authorized Grader

Use one or more of these search fields below to find the person you wish to designate as an Authorized Grader for this section

Last Name

First Name

PID

UCSD Email

Department Name

Search

Then click Add Selected Grader(s).
Adding an Authorized Grader (AG)

This message means you were successful. An email notification will be sent to the Authorized Grader.
If you need to remove access to your section by an AG before the submission deadline, utilize the following steps.
You can use this link to remove an Authorized Grader.
Removing an Authorized Grader

Begin by selecting the section from this drop down box.
Removing an Authorized Grader

INSTRUCTION TOOLS

EGRADERS

Please, DO NOT USE the browser back button to navigate within the site.

Designate Authorized Grader

Return to Section List

Please note: Individuals designated as Authorized Graders will have access to student grades. Instructors are responsible for monitoring which students an Authorized Grader may not, at any time, enter grades and grades changes.

Section: BENG 199 - 001 789991

Add Grader(s)

<table>
<thead>
<tr>
<th>Name</th>
<th>Department</th>
<th>Email</th>
</tr>

<tbody>
<tr>
<td>CLOVER, CHRISTOPHER</td>
<td>VCSA ADMISSIONS &amp; ENROLLMENT</td>
<td><a href="mailto:cglover@ucsd.edu">cglover@ucsd.edu</a></td>
</tr>
</tbody>
</table>

Showing 1 to 1 of 1 entries

Uncheck this box.
Removing an Authorized Grader

Click here to update.
This message means you have been successful. An email notification will be sent to the Authorized Grader.

The former AG’s name will still appear on this list, but as long as the box is not checked, they will not have access to this section.
Submitting Grades for the current term

- The Section List screen
- The Grade Entry screen
- The Grade Review screen
Once you log in you will be on the Section List screen.

This screen lists all of the sections you are authorized to access, chronologically, beginning with the current term and going back up to a calendar year.

Use this screen to choose the section for which you want to enter or change grades.

You can also use this screen to add or remove Authorized Graders to your sections.
These are the terms for which this Instructor has access.
Use the triangles to expand or hide the sections for previous terms.
Use this link to add or remove an Authorized Grader

Terms & Conditions | Feedback
This area displays the class roster.
The class roster will now include extension students, indicated by (ESPP) beside the student name.

As well as students who have filed for credit by exam.
You can use the filter box to look for a specific student.

Just start typing and the roster will automatically respond.
If you have a large class, use these controls to move through the pages.
You can change the number of students displayed with this drop down.
You can also sort each page by any of the columns.
This link will begin the Import process, which is very useful for large sections. (More on this later)
This part of the class roster displays student names, PIDs, number of units and grade options.
To enter grades use the drop down boxes here.

<table>
<thead>
<tr>
<th>Name</th>
<th>PID</th>
<th>Units</th>
<th>Grade Option</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>TRITON, NICOLE</td>
<td>A01234567</td>
<td>4.00</td>
<td>P</td>
<td></td>
</tr>
<tr>
<td>TRITON, ROSS</td>
<td>A12345678</td>
<td>4.00</td>
<td>P</td>
<td></td>
</tr>
</tbody>
</table>
Only grades allowed by a students grading option can be entered.

Incomplete (I) and Pending Academic Dishonesty (X) can also be entered. An appropriate reason is required for the Incomplete. Blank grade ( ) is also permitted, but will lapse to failing after one term.
If you want to stop and finish a section later, click the Save button.
eGrades will save your work so far, even if you log out, so that you can continue later.
The cancel button will return you to the section list, but you will lose all unsaved work on the section. (Always save your work before returning to the section list.)
Once you have entered all grades for the section you want to submit, click here to Save & Review.
The Grade Review screen

- Use this screen to:
  - Review the grades that you have entered.
  - Download a PDF file of the grades you are submitting, for your records.
  - Confirm that the grades have been entered according to University policies.
  - **Submit** the grades for overnight upload to the student information system (ISIS).
Remember that once you have hit submit, the final submission of grades is *permanent*. Once grades are uploaded overnight to ISIS, grades can only be changed as a “grade change” beginning the following day.

Grade changes cannot be submitted on the “blackout day”.

Once the deadline for submitting grades has past, students with no grades entered will be considered to have blank grades. Changing a student’s grade from a blank to any other grade requires a “grade change” from a blank to a letter grade. Grade changes can *only* be entered individually. A file upload is not available after the initial submission.
As before, this area displays the section information.
And this area displays the section roster.
This area displays the GPA and grade distribution tools. (More on this later)

[Export PDF Report](#)  
[Grade glossary](#)

Or use the filter box to search for a specific student.
Use this drop down to control the number of students on each page.
You can also sort each page by any of the columns.
Once you have reviewed your work and are satisfied that everything is correct, you will need to check this box.
Checking this box is the equivalent to your signature.

By checking the box you are certifying that the work you have done is in accordance with all University policy.
If you are uncertain, a link to the UC San Diego’s grading polices is provided here.
The final step is to click here to submit the grades for upload to ISIS.
Grade Changes

- Previous Terms Grade Changes
- Current Term Grade Changes
Once submitted the grades and grade changes are uploaded to ISIS overnight, and will be visible to students the following day.

Filing a grade change for a previous term automatically generates an email that is sent to the students whose grades have changed, to you for your records, and to the department chair.

This process replaces the Clerical Error Form.

Authorized Graders may not file Grade Changes.
Use the triangles to expand or hide the sections for previous terms.
Once you have found the section for which you want to change a grade, click here.
### Grade Change

This area displays the section information.
And this area is the class roster.
You can use the filter box to search for students. Just start typing and the list will automatically respond.
You can also sort the roster by any of the columns,
And control the number of students displayed here.
Use these controls to move through the list of students a page at a time, or to jump to the beginning or end.
This area displays the currently recorded grade for each student.
Once you have found the student you are looking for, you can use these drop down boxes to enter a new grade.
You can change the grades for multiple students in the section at the same time.
Note that the reason for the grade change is automatically populated.
Once you have entered all of the changes you are making, click here.
Use this screen to review the changes you are making.
If you want to go back and edit some of the changes, click here.
If everything is correct, then check this box to acknowledge these changes are in accordance with University policy.
Then click here to submit the changes.
The final submission of grades is permanent. Grades are uploaded overnight to ISIS.

As a result, there may be times when you need to file a grade change for grades in the current term that you have already submitted.

This is done the same way as a grade change for a previous term. Notification emails are *not* sent for current term grade changes during the grade cycle.

AGs may not file Grade Changes, even for current terms.
Importing grades to eGrades; from TED, TL Class List, or your own spreadsheet

- Formatting the file
- Importing to eGrades
- Fixing errors
Importing a Spreadsheet

- In addition to entering each grade individually, eGrades also supports the direct import of grades for an entire section or part of a section.

- When importing you must ensure that your file is formatted correctly. The easiest way to do this is to use the file template that is available from the Triton Link class list tool or from TED.

- Or, any tab delimited (.txt) or comma separated (.csv) file can be imported if it is properly formatted.
The file must be saved as either a tab delimited (.txt) or comma separated (.csv) file.

The file must have columns with the following headings and information:
- Last Name *(note there IS a space between words)*
- First Name *(note there IS a space between words)*
- Student ID *(note there IS a space between words)*
- SectionId *(note there is NO space, note also upper case l)*
- Final_Assigned_Egrade *(note there is an UNDERSCORE between each word)*

The column headings are specific and case sensitive. Take care to match these headings exactly.

You will be able to review and complete any unresolved grade matters in eGrades before submitting.
- E.g., Reason for Incomplete
- X code for pending academic dishonesty
- Unintentional blank grades
Your column headings should look exactly like this.
Click here to go to the Class Lists tool.
Enter your section information and click here
Then click here
From this screen, click here to select the eGrades format.
Then click here to download the file.
From within TED, look for the eGrades Export option under the Control Panel.
From within TED, look for the eGrades Export option under the Control Panel.

Look under Course Tools.
From within TED, look for the eGrades Export option under the Control Panel.

Look under Course Tools.

Click eGrades Export.
Use the drop down to indicate which column of your grade book has the final grade.
This screen will show you any errors, so you can fix them before you export the TED file.

Any student without a PID will not appear in the exported file. Rows with invalid grades will be highlighted in red.
Once you have fixed any errors, click here. You will still need to sign on to eGrades to import this file.
Now you can follow the normal steps to download the file. You can then import this file, once you have signed into eGrades.
From the Grade Entry screen, click here to start a file Import.
Importing a Spreadsheet

The uploading of the file can take a while for pre checks through a virus scan to check for viruses. Please do not close the window while it is working, otherwise the data will be lost. You will be notified when the process finishes.

The file has to follow the following format:

- The file has to be a text file
- The file has to be TAB delimited or CSV delimited
- The file header has to have the following fields correctly named and delimited by a TAB or CSV (Last Name First Name Student ID SectionId Final_Assigned_Egrade)

Select:
- Tab Delimited
- CSV Delimited (or TED)

File Name: [Input field]

[Browse...]

[Cancel] [Import]
Importing a Spreadsheet

Use these radio buttons to select your file type. Note that TED files are CSV Delimited.

Your file must be saved as either a tab delimited .txt file or as a comma separated .csv file, even if your original file is in excel.
Importing a Spreadsheet

The uploading of the file can take a while for processing as the file is run through a virus scan to check for viruses. Please do not interrupt the process while it is working, otherwise the data will be lost. You will be prompted when the process finishes.

The file has to follow the following format:

- The file has to be a text file
- The file has to be TAB delimited or CSV delimited
- The file header has to have the following fields correctly named and delimited by a TAB or CSV (Last Name First Name Student ID SectionId Final_Assigned_Egrade)

Next, click here to browse for your file.
A new window will open. Navigate to where you have saved the file on your computer.
For this example, the file is named Book1 and is saved as a .txt file on the desktop.
Importing a Spreadsheet

Select the file and click here to continue the Import.
Importing a Spreadsheet

The uploading of the file can take a while for processing through a virus scan to check for viruses. Please do not do anything while it is working, otherwise the data will be lost. You will be notified when the process finishes.

The file has to follow the following format:

- The file has to be a text file
- The file has to be TAB delimited or CSV delimited
- The file header has to have the following fields correctly named and delimited by a TAB or CSV (Last Name First Name Student ID SectionId Final_Assigned_Egrade)

Back on the file import window, you can see the file path here.

File Name: C:\Users\res-student\Desktop\Book1.txt
Importing a Spreadsheet

The uploading of the file can take a while for processing as the file is run through a virus scan to check for viruses. Please do not interrupt the process while it is working, otherwise the data will be lost. You will be prompted when the process finishes.

The file has to follow the following format:

- The file has to be a text file
- The file has to be TAB delimited or CSV delimited
- The file header has to have the following fields correctly named and delimited by a TAB or CSV (Last Name First Name Student ID SectionId Final_Assigned_Egrade)

Tab Delimited  CSV Delimited (or TED)

File Name: C:\Users\res-student\Desktop\Book1.txt

Next, click here to submit the file for Import.
If the file was error free, you will see this message. Select close dialog to continue submitting the grades.
Importing a Spreadsheet

Error

The file Book1.txt for Section: 788084 has been processed with errors.

Total records in the grade sheet: 9
Total records in the uploaded file matching the grade sheet: 4
Records successfully uploaded: 3

The following error(s) occurred:

<table>
<thead>
<tr>
<th>Student ID</th>
<th>Student Name</th>
<th>Section ID</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>A12345678</td>
<td>Triton, Stacey</td>
<td>788084</td>
<td>A</td>
</tr>
</tbody>
</table>

If you get this message, then there was a problem in your file.
Details about the problem are shown here.

You can either return to your file and fix the error or continue in eGrades and fix them manually.
There are three basic types of errors:

- Duplicate record error: When a student appears in the file more than once. Fix this by removing the extra row in your file or by manually entering the grade for the student in eGrades.

- Grade code is not one of the grades allowed: This means you probably made a typo. Fix this by finding the row given with the error and checking the final grade or by manually entering the correct grade for the student in eGrades.

- Grade Option error: In this case you have given a student a grade that is not allowed by the student’s grading option. For example, by giving a P/NP student a B+. Fix this by finding the row given with the error and converting the grade to the correct grading option or by entering the correct grade into eGrades manually.
Regardless of which source is used for importing grades into eGrades, the Authorized Grader (AG) or Instructor of Record (IR) must review and save the grades for submission in eGrades.

Error corrections, edits, and changes may be made on eGrades before submitting.

Only the Instructor of Record (IR) can submit the grades in eGrades.
Special Features

- Section GPA distribution
- Student Information
eGrades provides a tool for easily viewing the section GPA and the grade distribution.

It is possible to have eGrades calculate the GPA and grade distribution with or without extension students or failing students.

These tools are on the Grade Review screen.
This is the GPA distribution tool.
### GPA distribution

**Section GPA:** 3.948  
**Extension Students:** 0  
**Total Campus Students:** 31

- Exclude Extension students in GPA calculation
- Exclude F grades in GPA calculation
