Dear Authorized Representatives and Project Directors for National Historical Publications and Records Commission Grants:

As of today, October 1, 2013, the National Archives and Records Administration has not received an appropriation providing funding for the National Archives and Records Administration beyond midnight on September 30, 2013. I want to assure you that all NHPRC grant awards are fully funded and you may continue to proceed with grant activities. However, until the National Archives receives an appropriation, NHPRC staff members are furloughed. We briefly have reported to work today, Tuesday, October 1, only to conduct shutdown activities. As a result, we will be unable to process recently submitted payment requests or any new payment requests sent to us by grantees until the National Archives receives an appropriation. In addition, we will not be able to review reports or respond to other grant-related questions.

Sincerely,

Kathleen Williams
