# Who Are We?

## What is Associated Students?

**Associated Students is the Undergraduate Student Government for UC San Diego comprised of elected officials and appointed officials, and a variety of services, commissions, enterprises, and coalitions.**

# ASUCSD Vision Statement

The vision of the ASUCSD Council is to foster a cohesive community through active interaction and communication with students, the administration, and the greater San Diego Community. We will represent a diverse but unified voice, provide support for those within our community, and focus on the issues that directly affect the people with whom we have the responsibility to serve. We will look to the future with new and innovative ideas about how to improve the community and approach problems, but will draw inspiration from the rich history that has shaped students today and will continue to in the future.

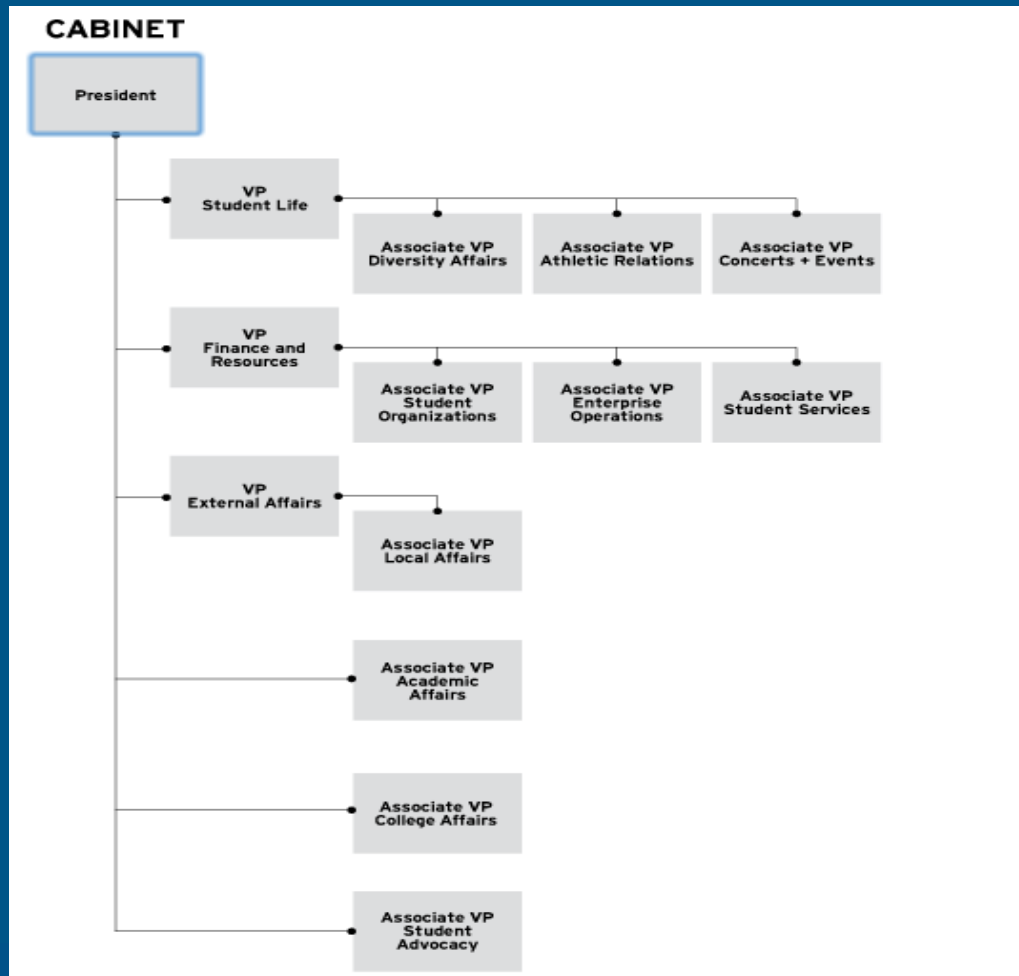

# Structure

29 Elected Officials: Elected through a campus-wide elections process in the Spring.

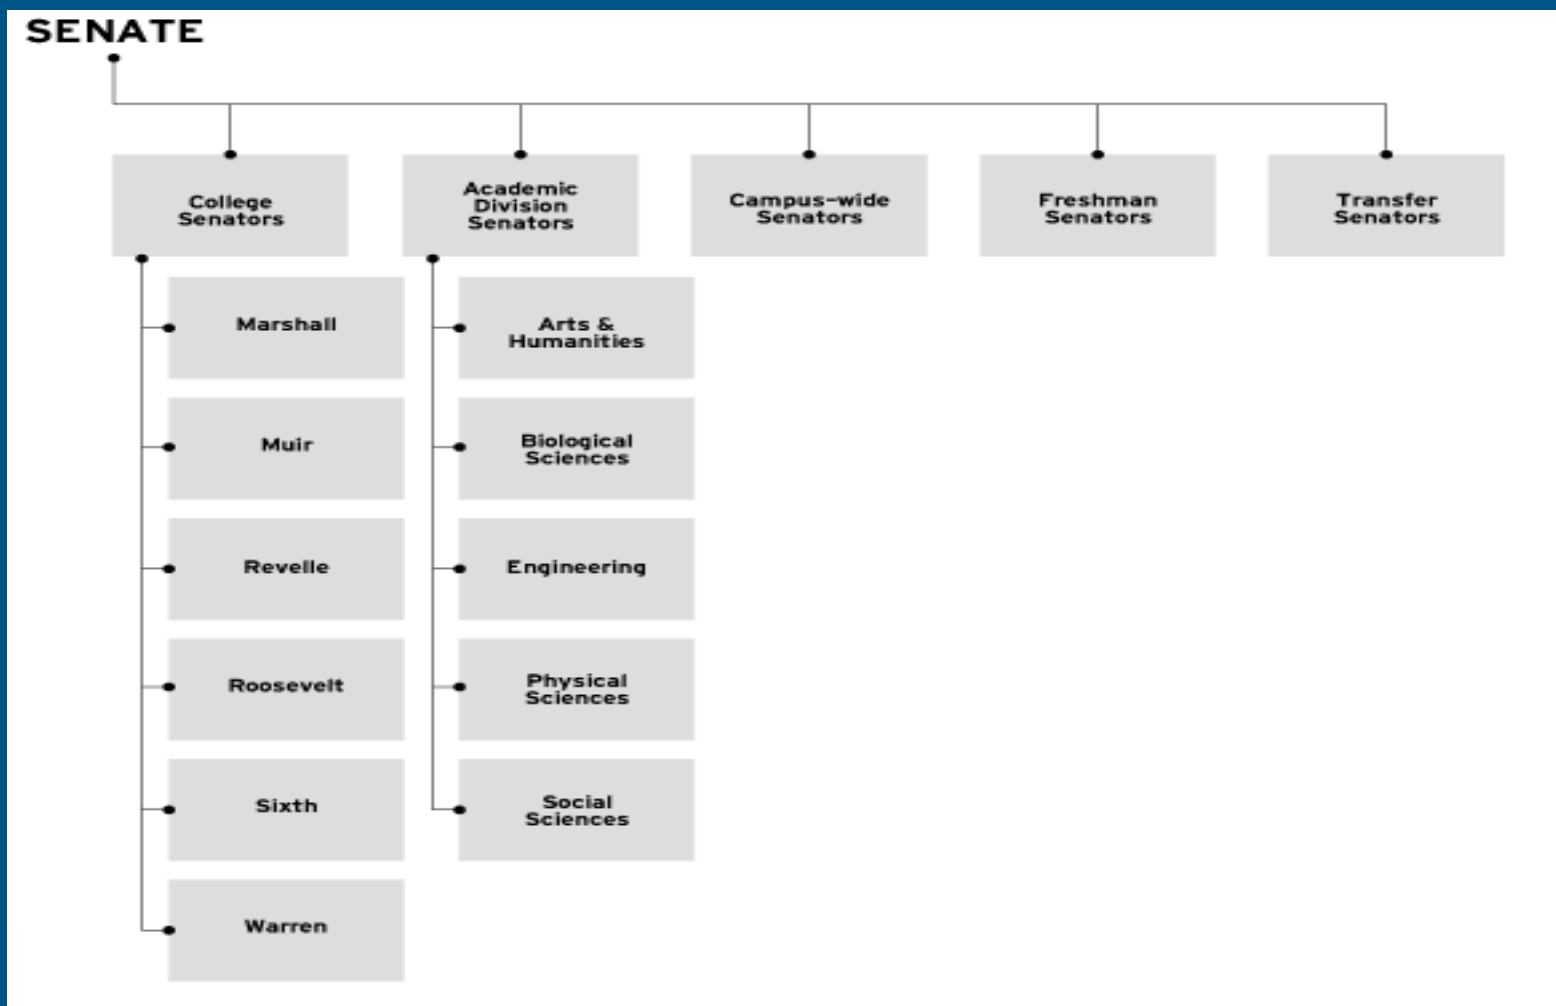

15 Appointed Officials: Appointed after submitting an application and going through an interview process.
