1) Log into your Walker Tracker account online. Click in your username in the upper right-hand corner of your account. **NOTE:** At this time you will not be able to link your device through the Walker Tracker app.

2) Click on the subheading, “Devices”.

3) Click “Connect” next to Fitbit. Then click “Connect Fitbit with Walker Tracker”.

4) You will be prompted to enter in the email and password that you use to sign into your Fitbit app/account. On the permissions screen make sure to leave “activity and exercise” marked so we can bring in your steps.

5) You will see that your device has successfully been linked. Verify that you see your device on “Your Stats” page. To retrieve your most recent steps, click “Sync Steps” from your device page.
