

Return To Research Initial Supplies Form

The **Emergency Operations Center (EOC)** is offering, on a one-time basis, a kit of PPE (face masks, gloves) and sanitization supplies to researchers, scholars, and creative artists resuming on-site and in-person activity at UCSD. **Supplies will be allocated to labs/facilities based on the number of on-site personnel.** These kits are intended to supplement labs' existing supplies upon return.

Supplies will not be made available until after on-site/in-person activity plans have been approved and the University transitions into an **Orange** Campus Phase.
