## Alternative Risk Mitigation Plan

PI or Responsible  
Staff/Faculty:

Building/Room:

On-site research activity must be conducted in compliance with the safety standards outlined in the Research Ramp Up Guidelines. When that is not possible, it *may* be possible to develop alternative risk mitigation strategies, which you should describe below. Please feel free to consult with Environment, Health & Safety to identify appropriate alternatives to the standard requirements. If alternative strategies can not be identified, it will not be possible to conduct on-site activity at this time.

This form should be used to describe alternative strategies for activities other than training.

**To report on compliance with safety standards for shoulder-to-shoulder training, please complete the separate Training Risk Mitigation Form, available on line at <https://blink.ucsd.edu/research/covid-19/quick-links.html#>.**

**In order to enable on-site and in-person work to resume, describe the reasons that standard requirements cannot be met and the strategies you propose to protect the health and safety of all personnel and research participants.**

**A. Which standard safety requirements are you unable to follow? Select all that apply:**

Due to specific circumstances in my work/facility, standard requirements for physical distancing between personnel cannot be met.

Due to specific circumstances in my work/facility, requirements for PPE use cannot be met.

Due to specific circumstances in my work/facility, standard requirements for sanitizing/disinfecting spaces or equipment cannot be met.

**B. Please describe for each selection above what specific circumstances require alternative risk mitigation strategies:**

**C. Please describe the alternative risk mitigation strategies you plan to implement in lieu of standard physical distancing, PPE, or sanitation requirements:**

**Name and e-mail of person responsible for submission of this protocol:**

Name:

E-mail:

Date Form Completed:

**Report safety concerns anonymously by visiting [blink.ucsd.edu/sponsor/EHS/report-concern.html](http://blink.ucsd.edu/sponsor/EHS/report-concern.html).**
