Dear Mr. and Mrs. Triton:

I am delighted to thank you for your first gift to UC San Diego – which together with philanthropic support from like-minded alumni, parents, students, faculty and staff, and friends – enhances our ability to educate innovators and disruptors, enrich our campus community, and spark research and innovation that converts discovery into impact.

In March 2017, we launched the public phase of the Campaign for UC San Diego, an ambitious, \$2 billion university-wide fundraising effort to transform the student experience, our campus, and ultimately the way humanity approaches problems and develops solutions. Thanks to you, we're already addressing the urgent needs of our planet and are on the cusp of even greater breakthroughs.

Challenging convention is our most cherished tradition, and we invite you to learn how your gift is helping to continue the nontradition at UC San Diego, bringing together our brilliant educators and students to impact lives here and across the globe.

Together, we will take advantage of this extraordinary moment in our brief history to secure the resources necessary to leverage and empower our audacious campus community to make a difference – to make waves.

With kind regards,
