

UC HEALTH DATA DAY

LEARNING FROM EVERY PATIENT

UC San Diego Health invites scientists, students, and staff interested in using health data to unleash the next generation of discoveries in biomedical and health care delivery.

FRIDAY, JUNE 14, 2019 | 8 a.m. – 5 p.m.

**T. DENNY SANFORD MEDICAL EDUCATION AND TELEMEDICINE BUILDING
UC SAN DIEGO**

Register at ucsd.edu/uhealthdataday

UC San Diego Health's data repositories contain more than 20 billion clinical data observations and are essential tools in biomedical research and quality improvement. Learn what clinical data is available, how to gain access to it, and the UC San Diego infrastructure available to analyze this data securely. Also, gain insight into regulatory and institutional policies on the use of our clinical data assets for research and care improvement.

TOPICS AND TOOLS

- » Population Health and EPIC's Slicer Dicer tools
- » Wearable technologies
- » Natural Language Processing (NLP)
- » Block Chain
- » Artificial Intelligence, Machine/Deep Learning
- » Privacy and compliance
- » OMOP Clinical Data Warehouse for Research

UC HEALTH DATA DAY

LEARNING FROM EVERY PATIENT

I / we wish to support UC Health Data Day with a gift of \$ _____ (F-3653).

PAYMENT METHOD

Check payable to the "UC San Diego Foundation" (Please include "F-3653" in the memo)

Giving online at ucsd.edu/uchdd

PROGRAM SPONSORSHIP
